How does a bulk purchase work?

1. Decide which bulk purchase band you would like to buy and inform Turning Moment (rebecca@turningmoment.co.uk).
2. We will send a quote from our finance system, Xero, for you to use in raising a purchase order.
3. On receipt of your purchase order number, we will send you an invoice for your bulk purchase.
4. We will then send you a unique code to use on our Learning Platform, Teachable. This single code will enable access to the Tool Box Talk for the number of people/views you have selected in your bulk order.
5. Each person that accesses the Tool Box talk using the code will have five days to view the film following the first time they log on from their email address. Only one person may watch the film per email log on to the Teachable platform.
6. The code will remain active until the number of views you have purchased has been reached. There is no time limit on this. For example, if you buy bulk purchase band two and 18 people watch the film in March, a further two people could watch it in December.
